

DEEP BLUE SHARING AGREEMENT

I, James Brian Byrd, MD, MS, hereby authorize The Regents of the University of Michigan ("the University") to produce digital copies of (*Title and full citation*):

Pandemic Pandemonium: Pausing Clinical Research During the COVID-19 Outbreak ("the Work") and to make the full text of the Work available to the public in digital form via its library collections, which include but are not limited to its digital repository ("Deep Blue") and HathiTrust Digital Library ("HathiTrust"). I further authorize the University to apply a (select one):

X Creative Commons CC BY 4.0 license to the Work. I understand that Creative Commons licenses may be updated over time and I authorize the University to apply future CC BY licenses to the Work at the University's discretion.

 Creative Commons CC BY-NC 4.0 license to the Work. I understand that Creative Commons licenses may be updated over time and I authorize the University to apply future CC BY-NC licenses to the Work at the University's discretion.

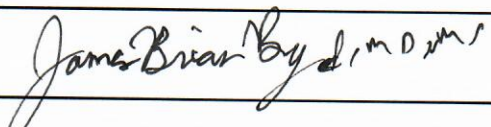

The CC BY license is the most accommodating of the Creative Commons licenses and we prefer it because it allows for the maximum dissemination and use of the Work, as long as the author is attributed (BY). CC BY-NC licensed works may be used for non-commercial (NC) purposes. For more information on these licenses, please visit <https://creativecommons.org/licenses/>. If you wish to opt out of this provision or select a different license to apply to the Work, please contact Deep Blue: deepblue@umich.edu.

I represent and warrant to the University that I have the right to make this authorization.

I also represent that the Work does not infringe or violate any rights of others and that, where applicable, I have obtained all necessary rights from third-parties to permit the University to make the uses described in this Agreement. I have clearly identified and acknowledged any third-party content within the Work.

I understand that this authorization constitutes a worldwide, non-exclusive, perpetual license, and that I retain all rights in this work to which I, as copyright holder, am entitled.
